

**Report of Field Day on
“Pond based Integrated Self Reliant Eco-farming Systems in Jute” and
Input Distribution Programme on 15.03.2023 at KVK, Majhian, Dakshin
Dinajpur under TSP**

Field Day on “Pond based Integrated Self Reliant Eco-farming Systems in Jute” and Input Distribution Programme under TSP has been organized at Dakshin Dinajpur in collaboration with Dakshin Dinajpur KVK, Majhian, Balurghat on 15 March, 2023. 100 tribal farmers of Mathurapur, Ajhair, Munglishpur, Barshapara, Arjunpur, Dilalpur, Jashurapara and Tapan, Dakshin Dinajpur participated in this program. During this programme, resource persons from ICAR-CRIJAF, Barrackpore; DDKVK, Majhian and UBKV, Balurghat delivered lectures and oriented the farmers about improved production technologies of jute, vegetables, horticultural crops, animal husbandry, fisheries, vermicomposting, natural farming, micro-irrigation, resource conservation technology, integrated farming system. Dr. S. Bandhopadhyay, Professor, UBKV, Dr. Jyotirmay Karmar, Associate Dean, UBKV, Dr. Jayanta Dutta, Associate Professor, Dr. Surajit Kundu, Associate Professor, UBKV, graced the programme as resource persons. The tribal farmers were given agricultural inputs like vermicompost beds, Knapsack sprayer, Irrigation kit/water can and small farm implements (Spade, Sickle and Khurpi). The farmers were very enthusiastic and enquired about different aspects (including its environmental effect) crop diversification, livestock rearing, etc. The programme was organized by Dr. Gouranga Kar (Programme Convenor), Dr. Ritesh Saha, Dr. Tanamay Samajdar and Dr. B. Goswami (Programme Co-ordinator(s)). The tribal farmers were highly satisfied and motivated to adopt the pond based integrated farming system technology for upliftment in socio-economic condition and livelihood security.
